As used hereinafter in this Agreement, the term “Chapter” shall mean the Solano and Napa Counties Division, Northern California Chapter, NECA, and the term “Union” shall mean Local Union 180, IBEW.

The term “Employer” shall mean an individual firm who has been recognized by an assent to this Agreement.

Whenever the male gender is used in this Agreement, the female gender is also intended.

SCOPE OF AGREEMENT

Workers employed under the terms of this Agreement shall do all on-site underground power distribution systems (including PVC and rigid conduit), temporary power and lighting systems and maintenance thereon, electrical construction, installation, demolition of electrical materials and maintenance and running of tests of electrical lighting, heat and power equipment. Also included is fiber optic systems and raceways installation, photovoltaic system electrical installation, including raceways. Prefabrication of boxes, brackets, bends and nipples are covered by this Agreement, but the use of catalogue items is permitted.

BASIC PRINCIPLES

The Employer and the Union have a common and sympathetic interest in the Electrical Industry. Therefore, a working system and harmonious relations are necessary to improve the relationship between the Employer, the Union, and the Public. Progress in industry demands a mutuality of confidence between the Employer and the Union. All will benefit by continuous peace and by adjusting any differences by rational, common-sense methods. The Employer and the Union agree not to discriminate against any employee, or applicant for employment, because of race, color, religion, ancestry, sex or national origin in connection with employment, upgrading, demotion or transfer, recruitment or recruitment advertising, rates of pay or other forms of compensation, layoff or termination or the selection for training including apprenticeship. Now, therefore, in consideration of the mutual promises and agreements herein contained, the parties agree as follows:

ELECTRICAL INDUSTRY ADVANCEMENT

The Union may establish programs to increase the market share of Contractors signatory to this Agreement. These programs may be funded and/or unfunded. If funded, funds shall be derived through a dues deduction, and an Electrical Industry Advancement Fund shall be established. The administration and distribution of this fund shall be at the sole discretion of the Union.

ARTICLE I

Effective Date/Changes/Grievances/Disputes

Section 1.01

Effective Date

This Agreement shall take effect June 1, 2024, and shall remain in effect until May 31, 2028, unless otherwise specifically provided for herein. It shall continue in effect from year to year thereafter, from June 1 through May 31, of each year, unless changed or terminated in the way later provided herein.

Section 1.02

Such unresolved issues or disputes shall be submitted no later than the next regular meeting of the Council following the expiration date of this agreement or any subsequent anniversary date. The Council's decisions shall be final and binding.
- (e) When a case has been submitted to the Council, it shall be the responsibility of the negotiating committee to continue to meet weekly in an effort to reach a settlement on the local level prior to the meeting of the Council.
- (f) Notice of a desire to terminate this Agreement shall be handled in the same manner as a proposed change.

Section 1.03

Amendment by Mutual Consent

This Agreement shall be subject to change or supplement at any time by mutual consent of the parties hereto. Any such change or supplement agreed upon shall be reduced to writing, signed by the parties hereto, and submitted to the International Office of the IBEW for approval, the same as this Agreement.

Section 1.04

The Local Union shall select the Union representatives and the Chapter shall select the management representatives.

Section 1.06

Four members of the Committee, two from each of the parties hereto, shall be a quorum for the transaction of business, but each party shall have the right to cast the full vote of its membership and it shall be counted as though all were present and voting. In the absence of a deadlock, the Labor-Management Committee's decision shall be final and binding.

Section 1.08

the filing period to provide an opportunity for informal resolution of the dispute. Any grievance not brought to the attention of responsible opposite parties to this Agreement in writing within five (5) working days of its occurrence shall be deemed to no longer exist.

ARTICLE II

Employer Rights/Union Rights

Section 2.01

The parties to this Agreement agree henceforth that any additions and/or modifications to the Category I provisions, which are considered Standard Agreement Language by the IBEW International Office and NECA National, shall be inserted into this Agreement, signed by the parties hereto, and submitted to the International Office of the IBEW for approval within 30 days of publication.

Section 2.02

Employer Qualifications

Certain qualifications, knowledge, experience, and proof of financial responsibility are required of everyone desiring to be an Employer in the Electrical Industry. Therefore, an Employer who contracts for electrical work is a person, firm or corporation whose principal business is electrical contracting having these qualifications and maintaining an active C-10 license, permanent place of business, a separate business telephone, and adequate tools and equipment. The Employer shall maintain a suitable financial status to meet payroll requirements and shall meet the licensing requirements of the State of California.

Section 2.03

Management Rights

The Union understands the Employer is responsible to perform the work required by the owner. The Employer shall, therefore, have no restrictions except those specifically provided for in the collective bargaining agreement, in planning, directing and controlling the operation of all his work, in deciding the number and kind of employees to properly perform the work, in hiring and laying off employees, in transferring employees from job to job within the Local Union's geographical jurisdiction, in determining the need and number as well as the person who will act as Foreman, in requiring all employees to observe the Employer's and/or owner's rules and regulations not inconsistent with this Agreement, in requiring all employees to observe all safety regulations, and in discharging employees for proper cause.

Section 2.04

Foreman Call-Out by Name

The Employer shall be permitted to request by name any applicant the Employer desires to employ as Foreman. The Union will refer such applicant to the Employer provided:

- (a) The applicant's name appears on the referral register, and all other eligible applicants in higher referral groups have first been referred.
- (b) The applicant has not quit his Employer within the previous two weeks.
- (c) A maximum of one applicant only may be called out per contract under the provisions of this section.

The Business Manager may waive these requirements when requested by the Chapter Manager and substantiated by a request from the customer.

The Employer shall immediately upon employment of such applicant classify said applicant (employee) as a Foreman and pay such applicant (employee) Foreman's wage as established in this Agreement for the duration of the job for which he is requested or for a minimum of sixty (60) working days, whichever is longer.

Section 2.05

Security – Bond or Cash Deposit

Each Employer, signatory to this Agreement, shall maintain on deposit with the Custodian of the various fringe benefit programs, a minimum of ten thousand dollars (\$10,000) in cash or post with the Custodian a surety bond by a recognized surety firm in the amount of ten thousand dollars (\$10,000).

The surety bond shall be on a form approved by the Labor and Management Committee. Such funds or surety bond shall be deemed as a deposit against any contributions and/or deductions required pursuant to this Agreement.

Section 2.06

Non-Resident Employees (Portability)

An Employer signatory to a collective bargaining agreement or to a letter of assent to an agreement with another IBEW Local Union, who signs an assent to this Agreement, may bring up to four bargaining unit employees employed in that Local Union's jurisdiction into this Local's jurisdiction and up to two bargaining unit employees per job from that Local's jurisdiction to this Local's jurisdiction for specialty or service and maintenance work. All charges of violations of this section shall be considered as a dispute and shall be processed in accordance with the provisions of this agreement for the handling of grievances with the exception that any decision of a local labor-management committee that may be contrary to the intent of the parties to the National Agreement on Employee Portability, upon recommendation of either or both the appropriate IBEW International Vice President or NECA Regional Executive Director, is subject to review, modification, or rescission by the Council on Industrial Relations.

Section 2.07

Favored Nations

The Union agrees that if, during the life of this Agreement, it grants to any other Employer in the Electrical Contracting Industry on work covered by this Agreement, any better terms or conditions than those set forth in this Agreement, such better terms or conditions shall be made available to the Employer under this Agreement and the Union shall immediately notify the Employer of any such concession.

Section 2.08

Any special terms, conditions or amendments provided for a specific marketing need as agreed by the parties may be implemented in accordance with established procedures negotiated between the Chapter and the Union. To the extent feasible within time constraints, such terms, conditions or amendments shall be made available to all signatory Employers with an interest or involvement in the specific job in question as defined above. In no event shall terms, conditions or amendments, referred to herein, constitute an action subject to or invoking the Favored Nations Clause in the Agreement.

Section 2.09

Loaning of Men

The Employer shall not loan their employees to another Employer without first securing the permission of the Business Manager and then only when applicants possessing the required skill are not available through the referral procedure.

Section 2.10

Non Contracting of Electrical Work

No applicant or employee, while he remains subject to employment by Employers operating under this Agreement, shall be recognized as a contractor for the performance of any electrical work.

Section 2.11

Work Responsibility

Journeyman Wiremen shall install all electrical work in a safe and workmanlike manner and in accordance with applicable code and contract specifications.

A Journeyman shall be required to make corrections in improper workmanship for which he is responsible at a pay scale equal to the minimum wage plus thirty percent (30%) during regular working hours, unless errors were made by order of the Employer or the Employer's representative. Employers shall notify the Union of workmen who fail to adjust improper workmanship and the Union assumes responsibility for the enforcement of this provision and corrections to be made only after a fair investigation by the Employer and the Business Manager of the Union.

Section 2.12

Safety

All work shall be performed in a safe and proficient manner, in accordance with applicable law and the individual Employer's established rules and policies. The Employer shall provide all necessary safety gear and equipment (excluding personal wearing apparel).

Section 2.13

Appointment of Stewards

The Union has the right to appoint Stewards at any shop and/or any job where workers are employed under the terms of this Agreement. The Employer shall be notified and furnished the name of the Steward. Such Stewards shall be allowed sufficient time during the regular working hours without loss of pay to see that the terms and conditions of this Agreement are observed at the shop or on the job. No Steward shall be discriminated against by any Employer because of the faithful performance of duties as Steward, nor shall any Steward be removed from the job until notice has been given to the Business Manager of the Union.

Section 2.14

Access to Work Site and Payroll

Representatives of the Union shall be allowed access to any shop or job at any reasonable time where employees are employed under the terms of this Agreement, provided they first report to a responsible management employee.

The Business Manager and/or Chapter Manager, if there is a question, shall have authority to inspect the Employer's payroll as to time and pay of an employee.

Section 2.15

Picket Language

(a) It shall not be considered a violation of this Agreement nor shall any worker be discharged by the Employer if he recognizes another labor organization's bona fide picket line which is sanctioned by the Local Central Labor Council, the Building Trades Council, or the International Office of the craft involved. The Union will notify the Employer as soon as possible if an organization secures such sanction.

(b) Should workers leave a job where a recognized picket line is sanctioned by the Central Labor Council, the Building Trades Council, or the International Office of the craft involved, such workers shall carefully put away all tools, material and equipment or other property of the Employer in a safe manner. The Union will be financially responsible for any loss to the Employer by members of the Union for neglect in carrying out this provision, but only when a safe place is provided for such property by the Employer, and provided further that reasonable time be allowed the Employer to provide such safe place.

Section 2.16

Employee Furnished Tools

Journeyman shall furnish a kit of hand tools as set forth in Appendix "A" of this Agreement. Journeymen shall have tools and tool box at a value not to exceed one thousand dollars (\$1,000.00). The employee shall furnish the Employer upon employment with a complete list and description of his tools and tool box and shall make said tools and tool box available for inspection when so required. The Employer shall be financially responsible for loss of an employee's tools and/or tool box where substantial evidence of loss is established, provided that at time of loss said tools were locked in the tool box and the tool box was placed and locked, when provision is made therefore, within the locker box or other safe place as provided by the Employer.

Section 2.17

Employer Furnished Tools

The Employer shall furnish all other necessary tools or equipment. Workers will be held responsible for the tools or equipment issued to them provided the Employer furnishes the necessary lockers, tool boxes, or other safe place of storage. Tools must be taken out and put away during working hours.

Section 2.18

Union Security

All employees covered by the terms of this Agreement shall be required to become and remain members of the Union as a condition of employment from and after the eighth (8th) day following the date of their employment or the effective date of this Agreement, whichever is later.

Section 2.19

Annulment/Subcontracting

The Local Union is a part of the International Brotherhood of Electrical Workers and any violation or annulment by an individual Employer of the approved Agreement of this or any other Local Union of the IBEW, other than violations of Paragraph 2 of this Section, will be sufficient cause for the cancellation of his Agreement by the Local Union after a finding has been made by the International President of the Union that such a violation or annulment has occurred.

The subletting, assigning, or transfer by an individual Employer of any work in connection with electrical work to any person, firm or corporation not recognizing the IBEW or one of its Local Unions as the collective bargaining representative of his employees on any electrical work in the jurisdiction of this or any other Local Union to be performed at the site of the construction, alteration, painting or repair of a building, structure or other work, will be deemed a material breach of this Agreement.

All charges or violations of Paragraph 2 of this Section shall be considered as a dispute and shall be processed in accordance with the provisions of this Agreement covering the procedure for the handling of grievances and the final and binding resolution of disputes.

Section 2.20

Designated Management Worker

Each employer may designate up to one (1) management representative (“DMW”), who may be either an owner or an employee, to perform field electrical construction. The DMW shall not be subject to the referral procedure but shall comply with all working hours and conditions of the Agreement for all covered work subject to the following specific provisions.

- 1) Out-of-area contractors may utilize such a DMW or an employee referred through other Local IBEW referral procedures as the one person authorized to work under the scope of the Agreement. If the employer utilizes the provisions of Section 2.06 of this Agreement to employ a non-resident Journeyman while utilizing the Designated Management Worker clause (Section 2.19), either the one non-resident Journeyman or the one management representative (DMW) must be a member of the IBEW.
- 2) A signatory Employer shall be permitted to utilize a DMW provided that the Employer maintains on a full-time basis at least one (1) employee referred under the Agreement.
- 3) Unless the DMW is a proprietor, partner, or principal officer of a signatory company, the Union security provisions of the Agreement shall apply.
- 4) The Employer shall pay fringe contributions on the DMW in accordance with the Agreement, except where reasonably equivalent coverage is already being provided for pension and health insurance. Contributions for JATC, ECT, Labor-Management Marketing Fund, Apprentice Training Facility Fund and Union dues deductions shall remain in effect.

- 5) Each DMW must be registered with the Union prior to performing work covered under the Agreement.
- 6) A DMW must have been on the Employer's "non-field" payroll for at least thirty (30) days prior to being assigned to perform work covered under the Agreement.

Section 2.21

Employers – IBEW Signatory

The Union will furnish employees only to Employers who are parties to an IBEW Agreement. However, this section shall not be construed to limit the right of the Union to furnish employees for internal organizing efforts or for regular maintenance work when performed directly by and for municipalities, governmental agencies, or individual establishments, and where such work does not come within the "scope of work" of this Agreement.

Section 2.22

Rebate of Wages

No Employer, or employee or their agents, shall give or accept directly or indirectly any rebate of wages.

Section 2.23

Contracting of Labor Service

No Employer shall directly or indirectly, or by any subterfuge, sublet or contract with employees all or part of the labor service required by any electrical contract of such Employer.

Section 2.24

440 Volts or Over

On all energized circuits or equipment carrying 440 volts or over, as a safety measure, two (2) or more Journeymen Wiremen must work together, one standing by wearing rubber gloves.

Section 2.25

Vehicle Signs

Employers employing employees under this Agreement shall have their firm name prominently displayed on both sides of all vehicles used in the delivery of employees, tools, equipment and material.

Section 2.26

Private Attorneys General Act Waiver

It is mutually agreed that this Agreement prohibits any and all violations of the sections of the California Labor Code that are listed in Section 2699.5 of the California Labor Code and would be redressable pursuant to the Labor Code Private Attorneys General Act of 2004 ("PAGA"). Such claims shall be resolved exclusively through the procedures set forth in this Article 1 and shall not be brought in a court of law or before any administrative agency such as the California Labor Commissioner. This Agreement expressly waives the requirements of PAGA and authorizes the permanent arbitrator to award any and all remedies otherwise available under the California Labor Code, except the award of penalties under PAGA that would be payable to the Labor and Workforce Development Agency.

In accordance with Labor Code Section 2699.5, the following provisions of the Labor Code as existed on September 22, 2018, shall be waived by this provision:

Section 2.27

Harassment Language

The parties to this Agreement are committed to maintaining a work environment that is free of unlawful harassment. In keeping with this commitment, harassment of applicants or employees by anyone, including any individual working under this Agreement, will be considered a violation of this Agreement and will subject that individual to disciplinary action, up to and including termination, and such behavior shall be deemed to be “proper cause” for discharge.

Harassment is defined by various laws and governmental agencies, both federal and state, and in decisions issued by state and federal courts. In general, harassment consists of unwelcome conduct, whether verbal, physical or visual, toward an individual based on sex, color, race, ancestry, religion, national origin, age, physical or mental disability, medical condition, veteran status, citizenship status, marital status, or other protected group status.

Whether the conduct at issue constitutes harassment is determined by an examination of the totality of the circumstances, and a consideration of the various sources of applicable State and federal law.

Payment of Wages

Wages shall be paid weekly by cash or check by the Employer for whom the employee is employed. The Employer shall pay wages on the job or allow employees sufficient time to reach the shop on payday before the close of working hours. Once payday is established by the Employer, it shall not be changed, except by mutual consent of the Parties to this Agreement and the Employer. Not more than three (3) days' pay shall be held back. By mutual consent between the employee and the Employer, wages may be deposited electronically into the employee's bank account or mailed to an address designated by the employee, but in no case shall the check be postmarked later than the appropriate payday.

Straight time at the hourly rate shall be charged for time waiting for pay, except in cases where the Employer or his representative is detained due to circumstances beyond his control, or an error in the amount of pay is due to clerical error.

(a) For purposes of this Section, waiting time shall be calculated as follows:

- a. Waiting time for weekly paycheck: If no payment is issued by end of payday, two (2) hours pay at the straight time hourly rate shall be paid to the employee for payday. After that, straight time shall be paid from 7:00 AM – 3:30 PM, for a maximum of eight (8) hours, for each succeeding regular workday, excluding Saturdays, Sundays and Holidays.
- b. Waiting time for final paycheck: Straight time shall be paid from 7:00 AM – 3:30 PM, for a maximum of eight (8) hours, for each succeeding workday, Monday through Friday, except when overtime was regularly scheduled, including Saturdays, Sundays and Holidays.
- c. Tender of such waiting time pay during the regular working hour shall be charged at the regular rate until payment is made.

The Employer may elect to pay full expenses over weekends or pay travel time at prevailing travel time rate and furnish transportation to and from the employee's home base. Subsistence is defined as reimbursement for food, lodging and living expense out of town and is not a wage or reimbursement for time spent going to or from job site.

Section 3.07

Union Dues Deduction

The Employer agrees to deduct and forward to the Financial Secretary of the Local Union – upon receipt of a voluntary written authorization – the additional working dues from the pay of each IBEW member. Section 3.08

Foreman/General Foreman Ratio

Any job on which six (6) or more Journeymen are assigned, under this Agreement, shall require a Foreman.

Employees shall only accept instructions or orders from a Foreman, Sub-Foreman, the Employer and/or the Employer's representative.

No Foreman of any job on which six (6) or more Journeymen are assigned shall act as a Foreman of such job while at the same time work as a Journeyman at a different job site.

The Employer may assign a Sub-Foreman to act in the capacity of a supervisor on any job, or to any crew, on which less than six (6) Journeymen are assigned.

A Foreman shall not supervise more than eleven (11) workers.

When two (2) or more Foremen are utilized, on a single job site, then a General Foreman shall be required.

The Employer will furnish a phone number and place where an Employer representative can be contacted.
- (b) If an employee works beyond a two-hour period, he shall be paid for the half-day; likewise, those working more than four (4) hours shall be paid for the full day, unless discharged for cause. Employees working beyond the established shift shall be paid at the overtime rate.
- (c) In those cases where circumstances that are beyond the control of the Employer cause a curtailment and/or a cessation of a job or portion of a job, the above provisions will not be applicable.

Section 3.10

Shift Work

When so elected by the contractor, multiple shifts of eight (8) hours for at least five (5) days' duration may be worked. When two (2) or three (3) shifts are worked:

The first shift (day shift) shall consist of eight (8) consecutive hours worked between the hours of 8:00 AM and 4:30 PM. Workmen on the "day shift" shall be paid at the regular hourly rate of pay for all hours worked.

The Employer shall be permitted to adjust the starting hours of the shift by up to two (2) hours in order to meet the needs of the customer.

If the parties to the Agreement mutually agree, the shift week may commence with the third shift (graveyard shift) at 12:30 AM Monday to coordinate the work with the customer's work schedule. However, any such adjustment shall last for at least five (5) consecutive days' duration unless mutually changed by the parties to this agreement.

An unpaid lunch period of thirty (30) minutes shall be allowed on each shift. All overtime work required before the established start time and after the completion of eight (8) hours of any shift shall be paid at one and one-half times the "shift" hourly rate.

There shall be no pyramiding of overtime rates and double the straight time rate shall be the maximum compensation for any hour worked. There shall be no requirement for a day shift when either the second or third shift are worked.

Section 3.11

The Business Manager and Chapter Manager have the authority to amend on a job-by-job basis the shift provisions as specified above.

When it becomes necessary for work to be performed in an establishment during hours other than the regular work hours of 7:00 AM to 3:30 PM, Monday through Friday, excepting the one hour variation allowed in Section 3.01 above, such work may be performed providing that workers shall be guaranteed eight (8) hours pay at the regular hourly rate plus fifteen percent (15%) for seven and one-half (7-1/2) hours work.

Section 3.12

(a) Any employee reporting for work and being laid off shall receive not less than four (4) hours wages, except when such lay-off is not within the control of the Employer.

(b) When employees are to be laid off without being notified the previous day, they shall receive not less than one (1) hour pickup time and be paid all wages in full.

Section 3.13

Public Works

When work performed on Public Works is subject to prevailing wages, terms and conditions pursuant to applicable law, then such published wages, terms and conditions shall govern and take precedence over any other wages, terms or conditions as set forth in this Agreement, provided that the Employer will pay all increases in any fringe benefit contributions required pursuant to this Agreement.

Section 3.14

Failure to Notify Employer

All employees are required to make good faith efforts to notify the Employer before starting time when unable to report for work. Failure to so notify the Employer will forfeit the employee's right to collect show-up time for the ensuing workdays if the Employer terminates the employee.

Section 3.15

High Time

On jobs where employees are required to work from trusses, scaffolds, frames, or ladders at a distance of sixty (60) feet or over from the ground, water, or supporting surface, the pay shall be one and one-half times the Journeyman straight time hourly rate for a minimum of one hour. There shall be no pyramiding of premium pay as specified in this section.

Section 3.16

Overtime – Lunch Period

A one-half hour unpaid meal period will be provided following the first two (2) hours of overtime and after each subsequent four (4) hour period. The Employer shall pay not less than one-half (1/2) the straight time Journeyman hourly rate for each meal.

Section 3.17

Where wiped lead joints are necessary, all work of joining, splicing and insulating, and the placing of flame-proof covering shall be performed by Cable Splicers. Journeyman Wiremen only shall be used in assisting Cable Splicers. Cable Splicers shall not be required to work on energized wire or cables when the difference in the potential is over 440 volts between any two conductors or between any conductor and ground, unless assisted by one Journeyman Wireman.

Cable Splicers shall furnish the tools necessary for the performance of the job.

The Employer shall pay a tool allowance of twenty dollars (\$20.00) per day when tools and equipment are supplied by the Cable Splicer.

ARTICLE IV

In the interest of maintaining an efficient system of production in the Industry, providing for an orderly procedure of referral of applicants for employment, preserving the legitimate interests of employees in their employment status within the area and of eliminating discrimination in employment because of membership or non-membership in the Union, the parties hereto agree to the following system of referral of applicants for employment.

Section 4.02

Group I status shall be limited to one Local Union at one time. An applicant who qualifies for Group I in a local union shall be so registered electronically and remain on Group I in that local union unless and until the applicant designates another local union as his or her Group I local union. If an applicant qualifies for Group I status in a local union other than his or her home local union and designates that local as his or her Group I local union, the business manager of the new Group I status local union shall by electronic means notify the business manager of the applicant's former Group I status local union.

Group II

All applicants for employment who have four or more years' experience in the trade and who have passed a Journeyman Wireman's examination given by a duly constituted Inside Construction Local Union of the I.B.E.W. or have been certified as a Journeyman Wireman by any Inside Joint Apprenticeship and Training Committee.

All applicants for employment who have worked at the trade for more than one year.

Section 4.06

48 Hour Clause

If the registration list is exhausted and the Local Union is unable to refer applicants for employment to the Employer within 48 hours from the time of receiving the Employer's request, Saturdays, Sundays and

Section 4.07

Temporary Employees

The Employer shall notify the Business Manager promptly of the names and Social Security numbers of such “temporary employees” and shall replace such “temporary employees” as soon as registered applicants for employment are available under the Referral Procedure.

Section 4.08

Normal Construction Market

“Normal Construction Labor Market” is defined to mean the following geographical area plus the commuting distance adjacent thereto, which includes the area from which the normal labor supply is secured:

“Napa and Solano Counties”

The above geographical area is agreed upon by the parties to include the area defined by the Secretary of Labor to be the appropriate prevailing wage areas under the Davis-Bacon Act to which the Agreement applies.

Section 4.09

Resident

“Resident” means a person who has maintained his permanent home in the above defined geographical area for a period of not less than one year or who, having had a permanent home in this area, has temporarily left with the intention of returning to this area as his permanent home.

Section 4.10

Examinations

An “Examination” shall include experience rating tests if such examination shall have been given prior to the date of this procedure, but from and after the date of this procedure, shall include only written and/or practical examinations given by a duly constituted Inside Construction Local Union of the IBEW. Reasonable intervals of time for examinations are specified as ninety (90) days. An applicant shall be eligible for examination if he has four years, experience in the trade.

Section 4.13

Order of Referral

Employers shall advise the Business Manager of the Local Union of the number of applicants needed. The Business Manager shall refer applicants to the Employer by first referring applicants in Group I in the order of their place on the "Available for Work List" and then referring applicants in the same manner successively from the "Available for Work List" in Group II, then Group III, and then Group IV. Any applicant who is rejected by the Employer shall be returned to his appropriate place within his group and shall be referred to other employment in accordance with the position of his Group and his place within his Group.

Section 4.14

Repeated Discharge

An applicant who is discharged for cause two times within a 12-month period shall be referred to the neutral member of the Appeals Committee for a determination as to the applicant's continued eligibility for referral. The neutral member of the Appeals Committee shall, within three* business days, review the qualifications of the applicant and the reasons for the discharges. The neutral member of the Appeals Committee may, in his or her sole discretion: (1) require the applicant to obtain further training from the JATC before again being eligible for referral; (2) disqualify the applicant for referral for a period of four weeks, or longer, depending on the seriousness of the conduct and/or repetitive nature of the conduct; (3) refer the applicant to an employee assistance program, if available, for evaluation and recommended action; or (4) restore the applicant to his/her appropriate place on the referral list. (*The parties may extend this time period up to a maximum of two weeks if necessary.)

Section 4.15

The only exception which shall be allowed in this order of referral is as follows:

- (a) When the Employer states bona fide requirements for special skills and abilities in his request for applicants, the Business Manager shall refer the first applicant on the register possessing such skills and abilities.

Section 4.16

An Appeals Committee is hereby established composed of one member appointed by the Union, one member appointed by the Employer or by the Association, as the case may be, and a Public Member appointed by both these members.

Section 4.17

It shall be the function of the Appeals Committee to consider any complaint of any employee or applicant for employment arising out of the administration by the Local Union of Sections 4.04 through 4.15 of the Agreement. The Appeals Committee shall have the power to make a final and binding decision on any such complaint which shall be complied with by the Local Union. The Appeals Committee is authorized to issue procedural rules for the conduct of its business but it is not authorized to add to, subtract from, or modify any of the provisions of this Agreement and its decisions shall be in accord with this Agreement.

Section 4.18

Inspection of Referral Records

A representative of the Employer or of the Association, as the case may be, designated to the Union in writing, shall be permitted to inspect the Referral Procedure records at any time during normal business hours.

Section 4.19

Posting of Referral Procedure

A copy of the Referral Procedure set forth in this Agreement shall be posted on the Bulletin Board in the offices of the Local Union and in the offices of the Employers who are parties to this Agreement.

Section 4.20

Hiring and Transferring of Apprentices

Apprentices shall be hired and transferred in accordance with the Apprenticeship provisions of the Agreement between the parties.

Section 4.21

Journeyman Recall

An employer shall have the right to recall for employment any former employee that the employer has laid off, provided that:

- (a) The former employee is in the highest-level group on the referral list containing applicants available for work, regardless of the individual's position on the list; or, if the former employee is a CW/CE, he or she is available for assignment regardless of the individual's position on the list;
- (b) The recall is made within one (1) year from the time of layoff;
- (c) The former employee has not quit his most recent employer under this agreement within the two weeks prior to the recall request;

ARTICLE V

Standard Inside Apprenticeship & Training Language

Section 5.01

Joint Apprenticeship and Training Committee

There shall be a local Joint Apprenticeship and Training Committee (JATC) consisting of a total of either 6 or 8 members who shall also serve as Trustees to the local apprenticeship and training trust. An equal number of members (either 3 or 4) shall be appointed, in writing, by the local chapter of the National Electrical Contractors Association (NECA) and the local union of the International Brotherhood of Electrical Workers (IBEW).

The local apprenticeship standards shall be in conformance with national guideline standards and industry policies to ensure that each apprentice has satisfactorily completed the NJATC required hours and course of study. All apprenticeship standards shall be registered with the NJATC before being submitted to the appropriate registration agency.

The JATC shall be responsible for the training of apprentices, journeymen, installers, technicians, and all others (unindentured, intermediate journeymen, etc.).

Section 5.02

Member Terms

All JATC member appointments, reappointments and acceptance of appointments shall be in writing. Each member shall be appointed for a 3-year term, unless being appointed for a lesser period of time to complete an unexpired term. The terms shall be staggered, with one (1) term from each side expiring each year. JATC members shall complete their appointed term unless removed for cause by the party they represent or they voluntarily resign. All vacancies shall be filled immediately.

The JATC shall select from its membership, but not both from the same party, a Chairman and a Secretary who shall retain voting privileges. The JATC will maintain one (1) set of minutes for JATC committee meetings and a separate set of minutes for Trust meetings.

The JATC should meet on a monthly basis, and also upon the call of the Chairman.

Section 5.03

Local Standards

Any issue concerning an apprentice or an apprenticeship matter shall be referred to the JATC for its review, evaluation and resolve; as per standards and policies. If the JATC deadlocks on any issue, the matter shall be referred to the Labor-Management Committee for resolution as outlined in Article I of this agreement; except for trust fund matters, which shall be resolved as stipulated in the local trust instrument.

Section 5.04

There shall be only one (1) JATC and one (1) local apprenticeship and training trust. The JATC may, however, establish joint subcommittees to meet specific needs, such as residential or telecommunications apprenticeship. The JATC may also establish a subcommittee to oversee an apprenticeship program within a specified area of the jurisdiction covered by this agreement.

All subcommittee members shall be appointed, in writing, by the party they represent. A subcommittee member may or may not be a member of the JATC.

Section 5.05

Training Director

The JATC may select and employ a part-time or full-time Training Director and other support staff, as it deems necessary. In considering the qualifications, duties and responsibilities of the Training Director, the JATC should review the Training Director's Job Description provided by the NJATC. All employees of the JATC shall serve at the pleasure and discretion of the JATC.

Section 5.06

Apprentice Transfers

To help ensure diversity of training, provide reasonable continuous employment opportunities, and comply with apprenticeship rules and regulations, the JATC, as the program sponsor, shall have full authority for issuing all job training assignments and for transferring apprentices from one employer to another. The employer shall cooperate in providing apprentices with needed work experiences. The local union referral office shall be notified, in writing, of all job training assignments. If the employer is unable to provide reasonable continuous employment for apprentices, the JATC is to be so notified.

Section 5.07

Removal of Apprentices

All apprentices shall enter the program through the JATC as provided for in the registered apprenticeship standards and selection procedures.

An apprentice may have their indenture canceled by the JATC at any time prior to completion as stipulated in the registered standards. Time worked and accumulated in apprenticeship shall not be considered for local union referral purposes until the apprentice has satisfied all conditions of apprenticeship. Individuals terminated from apprenticeship shall not be assigned to any job in any classification, or participate in any related training, unless they are reinstated in apprenticeship as per the standards, or they qualify through means other than apprenticeship, at some time in the future, but no sooner than two years after their class has completed apprenticeship, and they have gained related knowledge and job skills to warrant such classification.

Section 5.08

Probationary Period

The first 2,000 hours of on-the-job-training (OJT) and 160 hours of related supplemental instruction (RSI) for an apprentice shall be considered as a probationary period. During the probationary period, an apprentice's Indenture Agreement may be cancelled for any reason by the decision of the JATC as stipulated in the registered standards.

Section 5.09

Apprentice Ratios

The JATC shall select and indenture a sufficient number of apprentices to meet local manpower needs. The JATC is authorized to indenture the number of apprentices necessary to meet the job site ratio as per Section 5.12.

Section 5.10

Though the JATC cannot guarantee any number of apprentices; if a qualified employer requests an apprentice, the JATC shall make every effort to honor the request. If unable to fill the request within ten (10) working days, the JATC shall select and indenture the next available person from the active list of qualified applicants. An active list of qualified applicants shall be maintained by the JATC as per the selection procedures.

Section 5.11

To accommodate short-term needs when apprentices are unavailable, the JATC shall assign unindentured workers who meet the basic qualification for apprenticeship. Unindentured workers shall not remain employed if apprentices become available for OJT assignment. Unindentured workers shall be used to meet job site ratios except on wage and hour (prevailing wage) job sites.

Before being employed, the unindentured person must sign a letter of understanding with the JATC and the employer – agreeing that they are not to accumulate more than two thousand (2,000) hours as an unindentured, that they are subject to replacement by indentured apprentices, and that they are not to work on wage and hour (prevailing wage) job sites.

Should an unindentured worker be selected for apprenticeship, the JATC will determine, as provided for in the apprenticeship standards, if some credit for hours worked as an unindentured will be applied toward the minimum OJT hours of apprenticeship.

The JATC may elect to offer voluntary related training to unindentured; such as Math Review, English, Safety, Orientation/Awareness, Introduction to OSHA, First-Aid and CPR. Participation shall be voluntary.

Section 5.12

The employer shall contribute to the local health and welfare plans and to the National Electrical Benefit Fund (NEBF) on behalf of all apprentices and unindentured. Contributions to other benefit plans may be addressed in other sections of this agreement.

Section 5.13

Apprentice Ratios (Public Works Projects)

Each job site shall be allowed a ratio of one (1) apprentice for every one (1) Journeyman Wireman.

Number of Journeymen	Maximum Number of Apprentices/Unindentured
1	1
2	2
3	3
etc.	etc.

The first person assigned to any job site shall be a Journeyman Wireman.

A job site is considered to be the physical location where employees report for their work assignments. The employer's shop (service center) is considered to be a separate, single job site. All other physical locations where workers report for work are each considered to be a single, separate job site.

Section 5.14

Apprentice Ratios (Private Projects)

On all jobs (excluding public sector) the employer may use apprentices who are classified as first (1st) through fifth (5th) period at a ratio of two (2) apprentices to one (1) Journeyman. Employers may, under the direction of the JATC, loan apprentices to one another to meet these ratios. Apprentices will work under the direction of a Journeyman on the job site.

Section 5.15

Supervision

An apprentice is to be under the supervision of a Journeyman Wireman at all times. This does not imply that the apprentice must always be in sight of a Journeyman Wireman. Journeymen are not required to constantly watch the apprentice. Supervision will not be of a nature that prevents the development of responsibility and initiative. Work may be laid out by the employer's designated supervisor or journeyman based on their evaluation of the apprentice's skills and ability to perform the job tasks. Apprentices shall be permitted to perform job tasks in order to develop job skills and trade competencies. Journeymen are permitted to leave the immediate work area without being accompanied by the apprentice.

Apprentices who have satisfactorily completed the first four years of related classroom training using the NJATC curriculum and accumulated a minimum of 6,500 hours of OJT with satisfactory performance, shall be permitted to work alone on any job site and receive work assignments in the same manner as a Journeyman Wireman.

An apprentice shall not be the first person assigned to a job site and apprentices shall not supervise the work of others.

Section 5.16

Upon satisfactory completion of apprenticeship, the JATC shall issue all graduating apprentices an appropriate diploma from the NJATC. The JATC shall encourage each graduating apprentice to apply for

college credit through the NJATC. The JATC may also require each apprentice to acquire any electrical license required for journeymen to work in the jurisdiction covered by this Agreement.

Section 5.17

Trust Fund

ARTICLE VI

Fringe Benefits

Section 6.01

National Electrical Benefit Fund

It is agreed that in accord with the Employees Benefit Agreement of the National Electrical Benefit Fund (NEBF), as entered into between the National Electrical Contractors Association and the International Brotherhood of Electrical Workers on September 3, 1946, as amended, and now delineated as the Restated Employees Benefit Agreement and Trust, that unless authorized otherwise by the NEBF the individual Employer will forward monthly to the NEBF's designated local collection agent an amount equal to 3% of the gross monthly labor payroll paid to, or accrued by, the employees in this bargaining unit, and a completed payroll report prescribed by the NEBF. The payment shall be made by check or draft and shall constitute a debt due and owing to the NEBF on the last day of each calendar month, which may be recovered by suit initiated by the NEBF or its assignee. The payment and the payroll report shall be mailed to reach the office of the appropriate local collection agent not later than fifteen (15) calendar days following the end of each calendar month.

The individual Employer hereby accepts, and agrees to be bound by, the Restated Employees Benefit Agreement and Trust.

An individual Employer who fails to remit as provided above shall be additionally subject to having his Agreement terminated upon seventy-two (72) hours' notice in writing being served by the Union, provided the individual Employer fails to show satisfactory proof that the required payments have been paid to the appropriate local collection agent.

The failure of an individual Employer to comply with the applicable provisions of the Restated Employees Benefit Agreement and Trust shall also constitute a breach of this Agreement.

Section 6.02

Health and Welfare

The Employer agrees to become a party to and comply with, from the effective date, all of the provisions of the Solano and Napa Counties Electrical Workers Health and Welfare Trust Agreement, as amended (copy of which is on file in the Union Office). The Employer agrees to pay the sum as set forth in Appendix "B" of this Agreement for each hour worked by all employees working under the terms of this Agreement.

These payments shall be made monthly to the Solano and Napa Counties Electrical Workers Health and Welfare Trust Fund to provide health and welfare benefits for such employees.

Section 6.03

Custodian of Fringe Benefits

The Labor and Management Committee shall have the authority to appoint a Custodian of Fringe Benefits.

The "Custodian of Fringe Benefits" shall administer the collection of all Trust Fund contributions and/or employee deductions required pursuant to this Agreement. The payment of such funds shall be made monthly, on a form and in a manner approved by the Labor and Management Committee.

Section 6.04

Payment of Approved Costs

The Trustees of the fund shall pay all approved costs incurred by the Custodian of Fringe Benefits, necessary and lawful, in the administration of the Custodian's duties as herein set forth. Such payments, however, shall not exceed two-tenths of one percent (0.2%).

Section 6.05

Payment of Contributions

(a) The payment of Trust Fund contributions and/or employee deductions shall be made by check or draft and shall constitute a debt due and owing to the Custodian of Fringe Benefits and the various benefit Trusts as set forth in this Agreement. The payment and the payroll reporting "form" shall be mailed to reach the depository bank, as set forth on the reporting form, not later than the 15th day of the month following the last day of the preceding month for which such payment is owing. Payments not received, by either the Custodian or the depository bank by the 19th day of the month following the last day of the preceding month for which such payments are due and owing, shall be considered delinquent. Failure of an individual Employer to comply with the applicable provisions of the Health & Welfare Trust Agreement, Pension Fund Agreement, Dues Check-off Plan, Apprenticeship Trust Agreement, Electrical Contractors Trust Agreement, Labor-Management Cooperation Trust Agreement, Apprenticeship and Training Facility Trust Agreement, Contract Administration Fund and/or the National Employees Benefit Agreement shall also constitute a breach of this Labor Agreement.

(b) Each Employer shall mail a payroll reporting form no later than the 15th day of the following month showing the number of hours worked for all covered employees. Such report shall be made and mailed to the depository bank, as set forth on the reporting form, even if the Employer is delinquent in making payment of contributions.

(c) The Chapter Manager and the Business Manager shall have the authority to jointly order an audit of the payroll records of any Employer who is delinquent in his submittal of transmittals.

(d) Any Employer who is delinquent in the payment of contributions shall be subject to the assessment of interest and liquidated damages as established in the policies of the Solano and Napa Counties Electrical Workers Health and Welfare Trust Fund and Pension Fund. To reduce legal costs associated with collection efforts and reduce the risk of loss of owed contributions, a contractor who becomes 60 days delinquent in fringe benefit payments and accompanying deductions shall have their manpower withdrawn five days following the 20th of the second month. Loss of manpower may be suspended contingent upon arranging a repayment schedule, adequately secured by available assets, which satisfies the operating officers of the affected trusts.

Section 6.06

"Per Hour Worked" – Basis of Contributions

Management contributions to Fringe Benefit Trusts shall be on a per hour worked basis (except NEBF, ECT and CAF), and Management's liability, under the terms of this Collective Bargaining Agreement as respects all benefit contributions, including NEBF, ECT and CAF, is limited solely and only to such contributions. Management does not guarantee nor should the Collective Bargaining Agreement be interpreted that Management agrees, or is liable for, any such benefits other than the cents per hour contribution as set forth in this Collective Bargaining Agreement.

Section 6.07

Termination of Agreement

Individual Employers who fail to remit as provided above shall be additionally subject to having this Agreement terminated upon seventy-two (72) hours' notice, in writing, being served by the Union or the Custodian of Fringe Benefits, provided the individual Employer fails to show satisfactory proof that the required payments have been paid as provided herein.

These payments shall be made monthly to the Solano and Napa Counties Electrical Workers Pension Trust Fund to provide pension benefits for such employees.

All future increases to the contributions rate, as set forth in this section, may only be utilized by the Pension Trust to provide for actuarial pension benefits.

Section 6.09

Defined Contribution Profit Sharing Plan

The Employer agrees to become a party to and to comply with, from the effective date, all of the provisions of the Solano and Napa Counties Electrical Workers Profit Sharing Plan Agreement, as amended. The Employer agrees to pay the sum as set forth in Appendix B of this Agreement for each hour worked by Journeymen and Apprentices third (3rd) period and above working under the terms of this Agreement. Wage classifications have been the subject of good faith collective bargaining. Classifications are assigned annually subject to the terms of this Agreement and subject to approval of Local Union 180. Application for classification designation must be made on a form supplied by the Union and will be effective June of each year.

Section 6.10

Electrical Contractors Trust of Solano and Napa Counties

The Employer agrees to become a party to and comply with, from the effective date, all provisions of the "Electrical Contractors Trust Fund" of Solano and Napa Counties, a copy of which is on file with the Custodian of Fringe Benefits. The individual Employer shall pay into the fund the percentage of his gross monthly payroll, specified in Appendix "B," covering all work performed under the terms of this Agreement.

Section 6.11

Contract Administration Fund

(a) Effective January 1, 1995, the Employer agrees to become a party to and comply with, from the effective date, all of the provisions of the Contract Administration Fund. The individual Employer shall

pay into the Contract Administration Fund the percentage of his gross monthly payroll as set forth in Appendix "B" of this Agreement covering all work performed under the terms of this Agreement. Payment of contributions shall be made in accordance with Section 6.05 of this Agreement.

(b) The individual Employer accepts and agrees to be bound by the terms of the Contract Administration Fund. Administration of the Fund, enforcement and collection of the Fund's contributions shall be the sole responsibility of Employers and their representatives. No labor representative shall take part in the administration of the Fund or have any responsibility in the enforcement of its provisions. Failure of any Employer to make timely contributions in the proper amount shall be considered a breach of this Agreement and subject to the delinquency procedure contained in Section 6.05 of this Agreement.

(c) The Contract Administration Fund's representatives shall be appointed by the Solano and Napa Counties Branch of the Northern California Chapter, National Electrical Contractors Association. The purposes of this Fund shall include but not be limited to the administration of all provisions of this collective bargaining agreement.

(d) No part of the funds collected under this Fund shall be used for any purpose which is held to be in conflict with the interests of the International Brotherhood of Electrical Workers and its local unions.

ARTICLE VII

National Electrical Industry Fund (NEIF)

Section 7.01

National Electrical Industry Fund (NEIF)

Each individual Employer shall contribute an amount not to exceed one percent (1%) nor less than .2 of 1% of the productive electrical payroll as determined by each local Chapter and approved by the Trustees, with the following exclusions:

- (1) Twenty-five percent (25%) of all productive electrical payroll in excess of 75,000 man-hours paid for electrical work in any one Chapter area during any one calendar year but not exceeding 150,000 man hours.
- (2) One hundred percent (100%) of all productive electrical payroll in excess of 150,000 man-hours paid for electrical work in any one Chapter area during any one calendar year.

(Productive electrical payroll is defined as the total wages including overtime paid with respect to all hours worked by all classes of electrical labor for which a rate is established in the prevailing labor area where the business is transacted.)

Payment shall be forwarded monthly to the National Electrical Industry Fund in a form and manner prescribed by the Trustees no later than fifteen (15) calendar days following the last day of the month in which the labor was performed. Failure to do so will be considered a breach of this Agreement on the part of the individual Employer.

Such amount shall be added to and become a part of the contributions due and payable, and the whole amount due shall bear interest at the rate of ten percent (10%) per annum until paid. ARTICLE X

Safety

Section 10.01

There shall be a Joint Safety Committee consisting of three members representing the Chapter and three members representing the Union. The duties of this Committee shall be to develop and recommend safe work rules that are equal to or greater than the Standards of Construction as established by the Occupational Safety and Health Act of 1970, or other applicable federal or state laws. Such rules and the other safety rules provided in this Article, are minimum rules and not intended to imply that the Union objects to the establishment and imposition by the Employers of additional or more stringent safety rules to protect the health and safety of the employees.

Section 10.02

It shall also be the function of this Committee to study these safe work rules and recommend their update to the parties to this Agreement for possible inclusion in this Agreement. This Committee shall meet at least once each quarter and also when called by the Chairman or when called by a majority of the current Committee members.

Section 10.03

Members of the Joint Safety Committee shall be selected by the party they represent. Their term of office shall be three years unless removed by the party they represent. The term of one Chapter and one Union representative shall expire each year with successors to be determined in the same manner as the original appointments were made. A Committee member is eligible to succeed himself.

Section 10.04

Neither the Union, nor any member of the Committee, nor any employee representative performing safety- or health-related functions under this Agreement, shall be liable to any Employer, to any employee, or to any other person for any act or failure to act in the capacity of an employee representative or committee member.

ARTICLE XI

Substance Abuse

Section 11.01

The dangers and costs that alcohol and other chemical abuses can create in the electrical contracting industry in terms of safety and productivity are significant. The parties to this Agreement resolve to combat chemical abuse in any form and agree that, to be effective, programs to eliminate substance abuse and impairment should contain a strong rehabilitation component. The local parties recognize that the implementation of a drug and alcohol policy and program must be subject to all applicable federal, state, and local laws and regulations. Such policies and programs must also be administered in accordance with accepted scientific principles, and must incorporate procedural safeguards to ensure fairness in application and protection of legitimate interests of privacy and confidentiality. To provide a drug-free workforce for the Electrical Construction Industry, each IBEW local union and NECA chapter shall implement an area-wide Substance Abuse Testing Policy. The policy shall include minimum standards as required by the IBEW and NECA. Should any of the required minimum standards fail to comply with federal, state, and/or local laws and regulations, they shall be modified by the local union and chapter to meet the requirements of those laws and regulations.

Code of Excellence

Section 12.01

The parties to this Agreement recognize that to meet the needs of our customers, both employer and employee must meet the highest levels of performance, professionalism, and productivity. The program shall include minimum standards as required by the IBEW and NECA.

The following certifications will be added to the Code of Excellence under the Solano/Napa Counties Inside Construction Agreement: NFPA-70E, CPR/First Aid, OSHA-10 and OSHA-30, Powder Actuated Tools, and Fall Protection. These certifications will fall under the terms of bona fide requirements.

SEPARABILITY CLAUSE

Should any provision of this Agreement be declared illegal by any court of competent jurisdiction, such provision shall immediately become null and void, leaving the remainder of the Agreement in full force and effect and the parties shall, thereupon, seek to negotiate substitute provisions which are in conformity with the applicable laws.

IN WITNESS THEREOF, the parties have executed this Agreement on May 23, 2024.
